College Concurrent Assistance for High School Students

The Higher Education Program may be able to provide textbook and fee assistance for an eligible high school student, who is enrolled in Concurrent High School/College credits through their local college. High School students may elect to begin college coursework early and can possibly earn 6 or more credit hours per semester of their senior years and possibly junior year. The student must be approved through their high school to enroll in college course work as there are certain academic requirements they must have met to be eligible for concurrent coursework. If you have been approved for concurrent classes through your high school counselor and are asking assistance from us for textbooks and/or fees, listed below are the items we will need from the student:

1. A completed Gaming application.
2. a personal letter on why you want to enroll in concurrent courses, list your date of graduation and your plans after high school.
3. a letter from your teacher or high school counselor verifying you are eligible to enroll in concurrent high school/college coursework.
4. a Certificate of Degree of Indian Blood (not the Tribal ID card).
5. a copy of your current high school transcript.
6. a class schedule from the college or university with fee amounts listed
7. a book cost from the book store of required textbook, use rental textbooks, if possible.
8. a billing or invoice for fees, and textbook invoice, from the college.

Once approved to take classes at the local college or university, through your high school counselor and/or Oklahoma's Promise, the items listed above should then be sent to the Higher Education office.
